

Corken® Pumps and Compressors

Corken® Coro-Flo Pumps

Popular models for cylinder filling and truck refueling. Close-coupled to motor for smooth quiet operation. Floating impeller is only moving part. Continuous duty explosion-proof motor (single phase on C-10, C-12 and C-13; three-phase on C-14). 115/220V. Starter with overload heaters included with C-10, C-12 and C-13, separate starter required for C-14. All require external bypass valves.

Item #	List	Size	GPM*	RPM	HP
C10-DD2A-S10	\$2108.37	1¼" x 1"	12	3450	¾
C12-ED2A-S20	\$2824.69	1½" x 1"	19	3450	1
C13-FD2A-S30	\$3260.65	1½" x 1"	26	3450	2
C14	CALL	1½" x 1"	38	3450	3
113-CXA	\$255.93	Replacement seal for Coro-Flo Pumps			

Replacement Motors for C10 & C12 Pumps.

2555	\$1347.84	C10	3450	¾
2556	\$1723.43	C12	3450	1

*At 20PSI differential pressure

Coro-Vane® Stationary Pumps

Z- Series Truck Pumps

The Z-Series Coro-Vane truck pumps are a new generation of truck pumps specifically designed to comply with the pumping requirements demanded by the LPG industry.

Part #	Description	List
Z2000	2" Truck pump	\$2183.27
Z3200	3" Truck pump	\$2994.46
Z4200	4" Truck pump	\$5080.07

Corken® Compressors

Corken LPG transfer compressor is efficient and economical. Recovers from 1% to 3% more gas from transports and rail cars. The "-107" models include compressor, base, sheaves, slide rails for motor, liquid trap, V-belts, 4-way valve and belt guard, but does not include the motor.

Item#	HP	RPM
291-107	5	695
491-107	7½	446
691-107	20	676

Corken Coro-Vac® Portable Cylinder Purging System

- Simplifies purging process
- Does not waste product
- Can be used on all types of cylinders and tanks, with or without OPDs

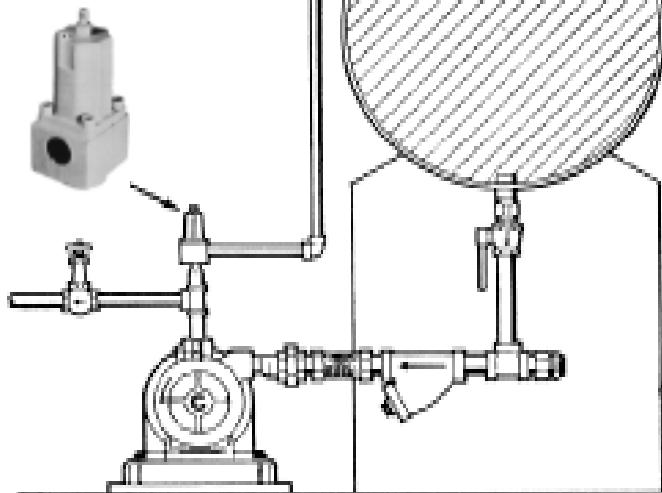

Item#	List
CPSIV	\$918.82

Corken® B166 Bypass Valve

This is a combination bypass and priming valve specifically designed for small bottle filling pumps. Available in ¾" or 1" inlet and outlet.

Item#	List	Inlet/Outlet
B166-75	\$218.16	¾"
B166-1	\$218.16	1"

Strainer

The right angle design will minimize pressure drop and comes complete with ductile iron body with monel screen and steel plug. Available for liquid or vapor service (1-1/4" FPT 250 psig).

Item #	Description	List
1836-X1	Liquid	\$229.41
1836-X	Vapor	\$229.41
