

Direct Fired LPG Vaporizers

- For Propane & Butane
- ASME/ NFPA/ FM
- Two-Stage Burner Regulator
- Dual Liquid Level Control
- Piezo Igniter
- Manual Drain
- 3-Year Warranty

Item #	GPH	List
AE-50	50	\$2502.00
AE-80	80	\$4070.00
AE-120	120	\$5622.00

Senders

SD-70

These senders allow utilization of existing gasoline dashboard gauge.

Item #	List	Description
SD-70	\$56.32	Ford/Chrysler 70-10OHM
SD-90	\$58.32	General Motors 90 OHM
SD-160	\$69.32	Ford 20-150 OHM

Dual Check T-Connector

- Bulkhead-mounted unit used on two tank installations.
- Complies with UL and NFPA Pamphlet #58 specification.
- Check valves stop the flow of LP gas between two tanks, helping to prevent overfills.
- Should two tank pressures become unequal, this connector will draw LP gas from the tank with the higher pressure until both tanks equalize in pressure.

PV3866

Item#	List	Connections
PV3866	\$46.16	3/8" SAE Flare

Vacuum Fuel Lock & Filter

VFF30-2

Vacuum actuated fuel lock and filter comes complete with replaceable filter pad.

Item #	List	Description
VFF30-2	\$94.24	Vacuum Fuel Lock & Filter
RV-VFF30	\$40.36	Repair Kit
F1-10	\$4.04	Filter Pad

Squibb-Taylor® Sending Gauges

13660 Series
(Sender at LP-gas tank)

Senders and Recievers for Motor Fuel Services

Squibb- Taylor senders give both direct and remote indication of LP-gas liquid level on all makes of cars and trucks when used with either a receiver or the original equipment fuel gauge on the vehicles. The sender also works on all recreational vehicles.
